## Accessories – Chairs

Three chair options have been selected from an Australian-owned company which specialises in the manufacture of Ergonomic Industrial and Office seating meeting the rehabilitation needs of industry. These chairs have a 5 year warranty.

These match the 915mm bench height and come with glides, making them safer on smooth surfaces, or friction castors, which will only move when weight is applied. A foot-ring can be fitted.

### Skin Polyurethane:

- A hard wearing polyurethane surface
- Foot-ring included but not shown
- Back tilt and gas height adjustment

### Sit/Stand:

- Designed to support 80% of weight on the seat while 20% rests on the floor.
- Back tilt and gas height adjustment
- Polyurethane moulded seat.

### Machinist chair:

- Narrow back for unimpeded arm movement.
- Vinyl covered foam seat and back.
- Back tilt and gas height adjustment
