

## **Accessories – Whiteboards and Pinboards**

Each Safety Space™ industrial workstation comes standard with either a 600x450mm whiteboard or 600x450mm pinboard attached to the left inside door. These can be replaced by a 900x450mm whiteboard or pinboard.

Additional whiteboards or pinboards may require other standard features to be relocated or removed – discuss your preferences with your sales consultant.

The whiteboards supplied with the Safety Space™ have a 5-year surface guarantee and are Australian-made from an imported acrylic surface.

The pinboards are made from a 6mm natural corkboard with an aluminium frame.

### **Whiteboards:**

- 600 x 450mm
- 900 x 450mm

### **Pinboards:**

- 600 x 450mm
- 900 x 450mm
