

Provide an office without the time or cost of building one!

 **Unlimited Spaces**
introduces the

Data SpaceTM Industrial Workstation

- The Data SpaceTM is a secure place to organise, plan, store and communicate information
- Easily transported around the site, or relocate to a new one
- The Data SpaceTM holds the necessary tools to efficiently manage and execute tasks
- Customise to suit your worksite

10 Reasons To Buy A Data SpaceTM

1. A secure, remote, work area
2. A workstation close to the action
3. Plan and communicate information to the production floor
4. Not enough room for an office
5. Paperwork and/or a computer is required but an office isn't
6. A customised solution to use or store specialised equipment
7. Generate and manage labels
8. Manage a project on the shopfloor
9. Cheaper than a portable building
10. Temporary office space is required

The Data SpaceTM Industrial Workstation is creating smarter workplacesTM. This one is set up for Goods Receipt / Despatch.

Typical Applications

- Goods Receipt / Despatch
- Quality control and testing
- Site or process supervision
- Shopfloor data entry
- Production and schedule control
- Shift storage and organisation
- Lean manufacturing coordination
- Security administration
- Maintenance records and control
- Dangerous goods / Waste control
- Personal locker / Workstation
- Project office
- Machine / Process console
