

# First Aid Room Cabinet

*Act today for a safer tomorrow!*

Unlimited Spaces introduces a specially-designed storage cabinet to help your business meet mandatory First Aid room regulations.

The Building Code of Australia (2007) requires a dedicated First Aid room where there are 200 or more employees (construction sites = 100).

All State First Aid Codes of Practice are similar - they all require a First Aid storage cabinet, lockable confidential record storage, display of emergency information and injury data collection.

## Features and Benefits

- Store First Aid supplies and portable modules e.g. burns, blood spill kit
- Locked compartment for confidential records and prescription drugs
- Pull-out worksurface
- Hygienic, easy-clean surfaces
- Doors fold back for clear access
- Clear acrylic shatter-proof doors
- Wall-mounted for easy floor cleaning
- Removable document shelves and storage bins

A purpose-built First Aid Room Cabinet helps meet your State's mandatory safety commitments.

## Specifications and Accessories

**Dimensions:** 1050mm (w) x 1490mm (h) x 335mm (d)

**The following is included in each cabinet:**

- Wall-mountable backboard & green/white reflective tape
- Lockable storage compartment
- Pull-out worksurface
- Louvre board and 6 x tilt-bins
- 4 x StorPak containers
- Disposable glove dispenser
- 3 x removable document shelves
- 1 x A4 document display for emergency information

**Optional Accessories:**

- Solid doors
- Key-locking
- Whiteboard
- Brochure holders
- Document displays
- Signage
- Disposable towel dispenser
- Dust-proofing
- First Aid supplies, including portable modules

Pull-out worksurface to treat injuries or fill out forms.

Lock away confidential records, prescription drugs or additional supplies
